## Summary

I'm a dedicated and adaptable professional with experience in seafood processing, retail operations, and volunteering. Currently studying a Bachelor of Advanced Computer Science at Curtin University, I bring strong problem-solving skills, teamwork, and a proactive approach to achieving goals while maintaining high standards in every environment I work in.

## Experience

KB Seafood Seafood Processor	Perth Since Nov 2024
<ul style="list-style-type: none"><li>Unloaded and handled live lobsters to maintain quality</li><li>Sorted and graded lobsters by size and export standards</li><li>Identified and removed lobsters unfit for export</li><li>Washed, cleaned, and prepared lobsters for packaging</li><li>Packaged lobsters for shipment in compliance with export regulations</li></ul>	
Geraldton Fisherman Co-operative Seafood Processor	Perth Oct 2023 to Mar 2024
<ul style="list-style-type: none"><li>Managed ticketing, sealing, and packaging of seafood shipment boxes</li><li>Maintained cleanliness and sanitation of tanks, freezers, and work areas</li><li>Handled waste disposal in accordance with safety and hygiene protocols</li><li>Prepared baskets for weighing, tipping, and loading processes</li></ul>	

## Education

Curtin University Advanced Computer Science	Bachelor's Degree • 79 CWA 2024 to 2027
Willetton Senior High School	High School • 96 ATAR 2018 to 2023

## Volunteering

Save the Children - Op Shop Southern River	Since July 2025
<ul style="list-style-type: none"><li>Assisted customers in-store, processed transactions through POS, and maintained high standards of service</li><li>Supported store operations including stock receiving, pricing, replenishment, and general housekeeping</li></ul>	
Local Community Events	2019 to 2021
<ul style="list-style-type: none"><li>Assisted with event organization, crowd control, and logistics</li><li>Operated audio systems for effective sound management</li><li>Handled setup, cleanup, and overall event area maintenance</li></ul>	

## Projects

Healthy Connections Initiative App Development	Mar 2025 - Current
<ul style="list-style-type: none"><li>Developed a virtual health assistant within a mobile health kit to support Aboriginal communities in the Pilbara region, using Flutter for cross-platform development and SQLite for offline data storage</li><li>Designed and implemented features for profile management, conversation history, and document-based information retrieval leveraging LangChain, vector databases (FAISS), and retrieval-augmented generation (RAG) pipelines</li><li>Ensured the assistant was culturally respectful, accessible, and secure by integrating user-centered design, Indigenous consultation practices</li><li>Delivered accurate and trustworthy health information by fine-tuning LLM prompts, applying content safety filters, and implementing human-in-the-loop review mechanisms</li></ul>	

## Skills
